1. General Obligation Bonds Issuance (02:05:28): In response to a question from Mayor Pro Tem Righeimer, Mr. Young affirmed that an option for council to raise capital for improvement expenditures is to present a General Obligation Bond to a vote of the people, which would increase property taxes. Council Member Leece referred to the previously approved Measure A bond.
2. Sales Tax Rate Increase (02:08:08): In response to questions from Mayor Pro Tem Righeimer, Mr. Young indicated that a sales tax increase would apply to all sales, and that an increase would create a disadvantage for sales compared to other cities that do not have an increase.
3. Transient Occupancy Tax (TOT) Increase (02:10:13): Council Member Leece asked about the percentage charged, and Mr. Young responded that the total charge by each hotel is 11 percent; the city receives eight percent in revenue, and the Costa Mesa Conference and Visitor Bureau receives three percent from participating hotels. In response to a question from Council Member Mensinger, Mr. Young indicated that Costa Mesa's total TOX percentage is average, but the city's revenue portion is slightly below average.
4. Business License Tax Increase (02:14:40): Mayor Pro Tem Righeimer asked about the range of increases; Mr. Young indicated an estimated \$2 to \$3 million dollar increase, and based on tax increases in the higher gross income tiers only. Council Member Leece requested feedback be solicited from the local business community. Mayor Bever asked about the \$2 million increase in relation to the number of businesses with gross receipts of over \$5 million; Mr. Young stated that there are many high-grossing businesses in the city, but a study will be conducted to provide a more accurate analysis of the returns at a later date. In response to Council Member Mensinger, Mr. Young stated that the city does not currently have a staff member assigned to perform audits.
5. Solid Waste Hauler Franchise Fee - Non-Residential (02:25:54): Council Member Leece asked how the city's rate compares to other cities, and Mr. Young stated that the rate is average.
6. Solid Waste Hauler Franchise Fee - Residential (02:27:15)
7. Green Fees at Golf Course (02:27:10): Council Member Leece asked the fees had been raised recently; Mr. Young indicated that rates increased \$1 to \$2 two years ago. Council Member Mensinger requested staff to look into resident and non-resident rates.
8. Emergency Medical Services - Resident Paramedic Fee (02:49:44)
9. Fire Prevention - Apartment Inspection Fee (02:31:27)

10. Fire Prevention - Business Inspection Fee (02:32:00)
11. Fire Prevention - Annual Permit Fee (02:32:22) - Mayor Pro Tem Righeimer asked if the fire prevention annual permit fee would be separate from the business license fee, and Mr. Young indicated that it would, noting other cities have separate business license and annual permit fees.
12. Animal License Fee (02:35:10) - Council Member Mensinger suggested a performance audit.
13. Citywide User Fees (02:36:46)
14. Utility Users Tax (02:38:40)

Mayor Pro Tem Righeimer referred to the list of current vacant positions and suggested that sworn police personnel, fire personnel, and code enforcement officers be removed from the list; and requested staff to look at the budget for capital improvement projects. (02:40:32)

Council Member Leece asked staff to present a plan regarding the reduction of services and subsequent impacts, suggested a list of priorities for infrastructure improvements and study sessions, requested storm drain and street/alley reviews be scientifically conducted, and noted that the \$35 million in reserve funds spent had been paid back. (02:44:48)

Mayor Bever shared that evaluations were already conducted on storm drains and streets, and that money spent from the reserve fund has not been paid back yet. (02:48:15)

Council Member Mensinger spoke in opposition of the tax increases, and indicated the importance of changing the way money is spent. (02:48:48)

Perry Valentine, Costa Mesa, suggested that additional studies be completed before voting on the revenue options, and made a comparison between the five-year forecast of initiatives and the seven-year capital improvement program. (02:51:40)

Jay Humphrey, Costa Mesa, asked if any of the revenue options could only be accomplished exclusively or substantially easier in either a charter or general law city. (02:55:16)

Beth Refakes, Costa Mesa, spoke in opposition of sales tax increases and EMS fees, stated that a utility tax fee was not favored when previously discussed, and commented on the capital improvement project budget. (02:56:07)

Robin Leffler, Costa Mesa, echoed public comments made regarding the five-year forecast and seven-year capital improvement plan, commented on the business license tax increase, and spoke in opposition of an EMS fee. (02:59:51)

Mayor Bever commented on the cash balance, indicating it had reached as low as \$5 million, which was approximately three to four weeks worth of operating cash. (03:08:01)

Council Member Mensinger inquired about the existence of a policy for the use of the fund balance or emergency reserves; Mr. Young stated that there is a policy for the emergency reserve of fund balance. (03:09:10)

Mayor Pro Tem Righeimer expressed concern regarding the rate of spending over a period of time for infrastructure improvements, commented on the amount spent on road improvements this year and the potential savings realized from not paying prevailing wage, and spoke in opposition of increasing sales tax. (03:14:33)

Council Member Monahan referred to the list of vacant positions and noted that service levels would not be impacted since the positions are already vacant. (03:21:12)

In response to Council Member Leece's inquiry regarding the amount of the budget adjustment, Mr. Young explained that the majority of the budget adjustment is for an increase in the self-insurance fund for legal expenses, and the remainder reflects an increase in project revenue. (03:21:55)

Council Member Leece spoke in opposition of the budget adjustment, indicating that she did not support the legal fees. (03:25:35)

Council Member Mensinger requested that staff send a mailing and survey to residents regarding the alleys, and Mayor Bever suggested that residents be asked if they are willing to enter into an assessment district. (03:26:21)
