Welcome to the **Concerts in the Park 2024**, brought to you through a partnership with the Costa Mesa Foundation and the City of Costa Mesa!

We're thrilled you've joined us at Fairview Park for this fun, free, family-friendly event! The concert series, along with its music, food and close-knit community vibe, is great for our city.

Did you know the proceeds from this annual event go back to local, deserving Costa Mesa non-profit organizations? Throughout the year, this money helps fund the good works they're doing in our own backyard. Now that's the kind of summertime tradition we can all get behind!

Inside this program you'll find more details about this year's bands, information about the local organizations we support, and a nod to our fabulous sponsors - those generous souls who help make these concerts possible.

Please help us share news of this free, community event with your family, friends and neighbors. **Like us on Facebook, share our posts and upload your own concert photos wherever you can.** Tag your photos with **#CITP2024** so everyone can see them!

Thanks again for making the Concerts in the Park Series part of your Costa Mesa summer. Now sit back, relax and enjoy the concert!

Born in a humble shed on the back-forty of the family vineyard, Firestone Walker is a California beer company like no other—founded by two brothers-in-law who simply wanted to make the perfect beer. The story begins with Adam Firestone (a.k.a. The Bear) and David Walker (a.k.a. The Lion) debating the subject of beer. Their search for a decent local ale proved futile, and it wasn't long before they had goaded themselves into brewing their own.

We are creative, we don't take shortcuts and we are uncompromising in our effort to produce the highest quality craft beers.

To us, The X represents and is about crossing paths, coming to a juncture and ending up where you want to be. We are a patchwork of professional brewers, and beer lovers who had too often asked ourselves, If I wasn't doing what I am doing now, what would I be doing? To us, life is about being where you want to be, not where you have to be.

It all started back in 2013 when friends from San Diego, Jesse Pine and Mat Robar were on a backpacking trip with friends in the Rocky Mountains. Now if you have ever been backpacking, there is not a lot distracting you out there, so you tend to talk a lot on the trail and that is where it started, on the slow climb to the top of a 12,253 ft mountain in Colorado... www.purebrewing.org
