

**MIKE BULEY**

Businessman/Attorney/Parent

Over 20 years ago my wife and I chose to raise our three children in Costa Mesa because this community embodies the values of family, service and hard work my father, a United States Air Force captain, and my mother, a nurse for 45 years, both taught me.

I've taught my children those same values, including them in my volunteer work:

- Serving on our Costa Mesa church's finance committee
- Packaging food for struggling families
- Making breakfast for the homeless
- Coaching youth basketball
- Scorekeeper, grounds crewman-Costa Mesa Little League

As a neighbor, parent, attorney, and businessman, I will use my professional skills and abilities to represent you. Issues important to me include:

- Homelessness-provide services to those who need help and enforce laws on those who refuse help
- Crime-give the police the resources they need to protect our community
- City Budget- restore common sense spending without raising taxes
- Marijuana Shops-consistent with family centric values, locate them away from homes and schools
- New Development-must reflect the character of existing neighborhoods consistent with home ownership versus high-density housing

I've earned the endorsements of these Costa Mesa city leaders:

- Councilmember Don Harper
- Former Mayors Steve Mensinger and Jim Righeimer
- Former Councilmember Wendy Leece
- Planning Commissioner Jon Zich

Vote for me to be your voice in Costa Mesa.
