

**CITY OF COSTA MESA
FINANCE DEPARTMENT
INTEROFFICE MEMORANDUM**

TO: HONORABLE CITY COUNCIL

FROM: BOBBY YOUNG, FINANCE & I.T. DIRECTOR

DATE: APRIL 25, 2013

SUBJECT: *TREASURER'S REPORT FOR THE MONTH OF MARCH, 2013*

Attached is the Treasurer's Report for the month of March 2013. This performance report lists the various types of securities, institutions the securities were purchased from, maturity dates and interest rates for all securities held in the City's investment portfolio as of the end of the reporting period. All of the City's investments as of March 31, 2013, are in compliance with the Investment Policy and the California Government Code except as otherwise noted or disclosed herein. All market values provided in this report were obtained from The Bank of New York Mellon, except for the Local Agency Investment Fund (LAIF). Market values for LAIF were provided by the State Treasurer's Office. The market value shown for the City's LAIF investment represents the City's contractual rights to its LAIF account and does not represent the value of the underlying portfolio securities. As of March 31, 2013, the City has adequate cash reserves necessary to meet its obligations for the next six months.

The weighted average stated rate of return (current yield) for the City's investment portfolio as of March 31, 2013, was .967%. The yield to maturity of the portfolio was .984%. The current yield of the City's portfolio was 68 basis points (.682%) above the current yield of the State of California's Local Agency Investment Fund (LAIF) of .285% for the month ended March 31, 2013. The weighted average number of days to maturity for the total portfolio was 751 days (2.058 years). The weighted average number of days to maturity for the total portfolio less pools was 1,359 days (3.723 years). The average duration for the underlying securities within LAIF as of March 31, 2013 was 213 days (0.584 years).

There were no securities purchased during the month of March, 2013.

There were no securities called during the month of March, 2013.

There were no securities sold during the month of March, 2013.

There were no securities matured during the month of March, 2013.

COMPLIANCE REPORTING

The City held two Lehman Brothers Medium-Term Corporate Notes in its investment portfolio. The total amount invested in these two securities stated at cost was \$5,049,700. Lehman Brothers filed for bankruptcy protection status on September 15, 2008 and the debt rating fell to B3- on that date. These securities had been rated A2 up until the bankruptcy filing. The market value loss of \$4,107,075 for the securities was recorded on the City's general ledger in September 2008, and is updated annually. The current estimates for recoveries through the bankruptcy proceedings are unknown.

In April 2011, the City joined the Ad Hoc Group of Lehman Brothers Creditors to help maximize the recovery through bankruptcy proceedings, and to protect the City's interest in the Lehman Brother's bankruptcy. The Ad Hoc Group filed a "Creditor's Plan" with the U.S. Bankruptcy Court in Manhattan which would provide a better recovery to creditors of the original Lehman parent company while offering a smaller payout to some creditors of Lehman subsidiaries. On December 6, 2011, the Bankruptcy Court entered an order confirming the Debtors' Chapter 11 Plan. The initial distribution date was April 17, 2012, and the City received \$301,889.87. After the initial plan distribution, the Debtors will make distributions of cash available in accordance with the plan semi-annually on March 30 and September 30 of each year. The City received \$192,024.40 on October 1, 2012. The amount of Lehman Brothers investment claim held in escrow with Lehman Brothers Holdings, Inc. is estimated to be \$821,710.73 at March 31, 2013.

The investment portfolio is in compliance with the City's adopted investment policy and applicable state laws in all other respects during, and as of, the end of the reporting period.

If you have any questions or need additional information, feel free to contact me directly.

**City of Costa Mesa
General Fund Cash Flow Projection**

City Council has expressed a desire to determine the monthly cash flow for the General Fund in an effort to project the future monthly cash balance. Given the City’s historical healthy cash position, it had not been necessary to project monthly cash balance for the General Fund. Therefore, a cash flow model was developed to better analyze the normal monthly activity and the changing trends in both revenue and expenditures.

The General Fund revenues and expenditures fluctuate on a monthly basis, affecting cash. In developing the cash flow model, 8 year historical data was used for: individual revenue accounts and monthly cash activity. The combination of the two appears to be the best way to accurately project the ending monthly cash balance. However, there remains the possibility of aberrations when actual cash activity is posted and reconciled.

The following is historical and projected General Fund ending cash balances and monthly cash flow activity:

	Treasurer’s Report Cash Balance CY 2010	Treasurer’s Report Cash Balance CY 2011	Treasurer’s Report Cash -Projected Ending Cash Balance CY 2012	Projected Ending Cash Balance CY 2013
January	\$ 18.2 million	\$ 20.4 million	\$ 26,022,236.51	\$ 35,567,895.24
February	16.0 million	16.4 million	24,431,171.70	33,748,749.48
March	13.6 million	16.5 million	19,593,018.28	26,919,811.18
April	15.1 million	19.2 million	24,815,597.57	32.0 million
May	23.4 million	29.2 million	32,803,661.57	39.9 million
June	21.0 million	21.0 million	28,716,660.46	35.5 million
July	19.6 million	22.7 million	27,341,364.77	34.0 million
August	17.8 million	23.3 million	23,094,976.83	29.6 million
September	12.3 million	14.6 million	17,895,568.27	26.1 million
October	6.8 million	12.9 million	16,277,020.04	24.0 million
November	5.4 million	13.6 million	17,492,429.66	24.3 million
December	12.3 million	21.0 million	23,964,799.92	29.7 million

The March 2013 General Fund cash balance of \$26.9 million, was about \$900,000 higher than the amount projected last month. Staff review of the activity concluded that both Sales Tax and Property Tax receipts pushed total receipts slightly higher than originally projected. Even with three payrolls in the month, payroll expenditures were slightly lower than originally projected. All other activity appears reasonable and consistent with staff’s expectations.
