To: City Council
From: Claire Flynn, Assistant Development Services Director
Date: May 3, 2013
Subject: Development Agreements in North Costa Mesa

The purpose of this memo is to respond to a question received from the public regarding existing development agreements in North Costa Mesa, as they relate to the Council's decision on the reorganization of the Fire Department.

There are Development Agreements in place which include previously-approved, unbuilt entitlements in North Costa Mesa. For example, these Development Agreements pertain to future new development at Metro Pointe, Home Ranch, Sakioka Lot 2, Segerstrom Town Center, Segerstrom Center for the Arts, and Pacific Arts Plaza.

Pursuant to the Development Agreement(s), the City and the Owner agree that:

- 1. The consideration to be received by the City and the rights secured to the Owner hereby constitute sufficient consideration to support the covenants and agreements of the City and the Owner.*
- 2. Unless otherwise specified in the Development Agreement, the rules, regulations, and official policies governing permitted uses, density, design, improvement, and construction are those in effect when the agreement is executed.*
- 3. Unless otherwise specified in the Development Agreement, the development exactions or development impact fees applicable to the unbuilt entitlements are those in effect when the agreement is executed.*

In short, unless otherwise stated in the Development Agreement, the Development Agreement limits the power of the City to apply newly enacted ordinances or impact fees to previously-approved entitlements where buildout is anticipated to occur in the future.
