RECOMMENDED ACTIONS:

1. Receive and file this report.
2. Approve recommended FY 2015-16 budget adjustments as listed in Attachments 2G and 2H.
3. Add one new full-time Community Outreach Worker to support the Costa Mesa Housing Authority Rapid Re-housing Program.
4. Authorize a transfer of funds from the Housing Authority Fund 222 to reimburse the General Fund expenses of \$309,515 used to pay off the loan balances of the program properties on 18th street.

BACKGROUND:

The City Council adopted the FY 2015-16 budget on June 23, 2015. The total budget was \$154,189,869 including the General Fund budget of \$115,202,900. This report reviews the status of FY 2015-16 General Fund revenues, expenditures, and other budget issues.

ANALYSIS:

FY 2015-16 General Fund Revenues:

Total year-to-date General Fund revenue by month is displayed in Attachment 2A. The graph displays last fiscal year actual revenue, current fiscal year-to-date budget allocated in the same proportion as last fiscal year actual and year-to-date actual revenues by month. Through December 31, total General Fund revenue is \$38,737,366; only \$177,737 or 0.5% over the year-to-date budget plan. Revenues are closely on track with budget expectations with and the overall positive total revenue variance is expected to be maintained or improve slightly by fiscal year end. Attachment 2B provides revenue detail by category and account.

FY 2015-16 General Fund Expenditures:

Year-to-date General Fund expenditures by month are displayed in Attachment 2C. The graph displays last fiscal year actual expenditures, current fiscal year-to-date budget

allocated in the same proportion as last fiscal year actual and year-to-date actual expenditures by month. Attachment 2D displays employee costs in the same format. Through December 31, total General Fund expenditures are \$56,823,411; 1,979,194 or 3% below the year-to-date budget plan. A few exceptions are above-budget use of part-time help and overtime due to vacant positions and will be offset by salary savings. Overall, total expenditures are expected to be at or below budget by fiscal year end. Attachment 2E provides expenditure detail by division and major expenditure category.

Allocation of General Fund Contingency Account:

The current Non-Departmental section of the General Fund budget includes a \$1,000,000 contingency appropriation. Attachment 2F lists a total of \$891,721 in items that the City Council and/or the CEO has approved for use by the various departments and divisions listed. These appropriations will be transferred out of the General Fund Non-departmental contingency account and into the various General Fund department budgets for the purposes indicated on Attachment 2F. This will result in a revised balance of \$108,279 in this account.

General Fund Department Items and Other Adjustments:

Attachment 2G summarizes the various recommended adjustments to the General Fund departments and some special funds. These adjustments include costs related to:

- Document imaging
- Ballot initiatives
- Police Department equipment, systems, part-time staffing and a position exchange to provide for a Public Affairs Manager that will manage all the department's public relations responsibilities and associated programs including events, tours, media relations, press briefings, social media, department website and community public outreach programs.
- Fire Department training grant funds
- Development services staffing adjustments and one new Community Outreach Worker position in support of the Costa Mesa Housing Authority Rapid Re-housing Program. This position will help maintain case management responsibilities, complete vulnerability assessments, reduce Police and Fire service calls related to homeless individuals, help businesses affected by loitering and aggressive panhandling and help the City achieve its goal to reduce the number of unsheltered homeless people.
- Public Services part-time staffing, grant and carryover funds
- Adjustments to the Housing Authority budget to reflect the maximum funding allowed for administration and rapid re-housing programs and reimbursement for the General Fund expenses of \$309,515 used to pay off the loan balances of the program properties on 18th street.
- Other miscellaneous adjustments and corrections

Other Funds:

Attachment 2H summarizes recommended adjustments to various Special Funds. These adjustments are related to carry over purchase order balances, and unencumbered project balances. These adjustments are funded by the individual special fund balances.

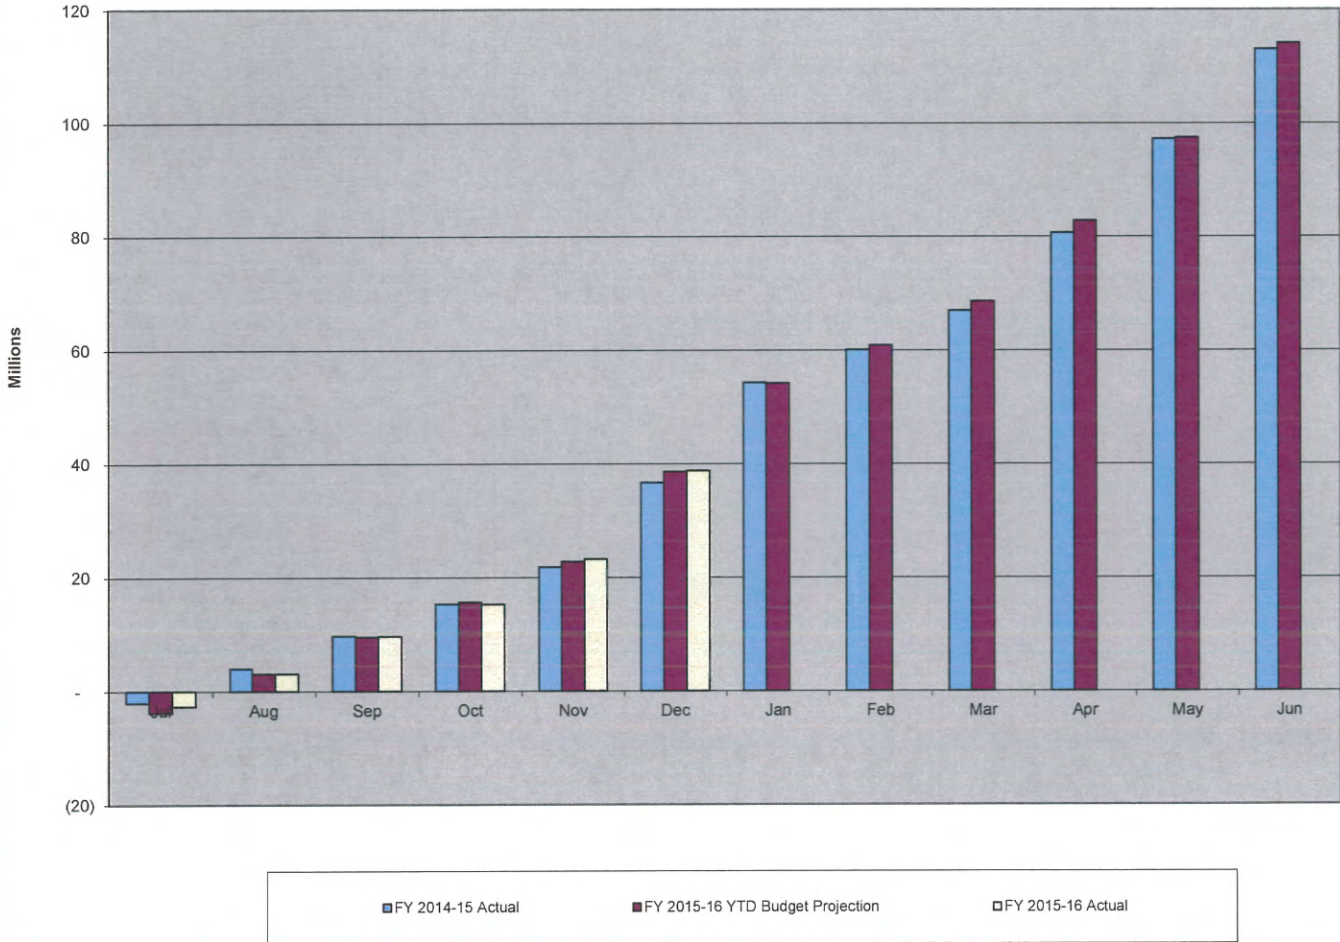

CONCLUSION:

The City's FY 2015-16 actual revenues and expenses in total are on track with budget expectations. The revised General Fund budget is \$117,330,310 including carryovers. The review and approval of the recommended budget changes will update the City's budget to reflect the current revenue expectations and expenditure requirements that help enable the City to continue providing the community with quality programs and services.
