Applicant/Agent: Rose Equities/Brent Stoll

Site Address: 1683 Sunflower Avenue

Zone: MP (Industrial Park)

Description: The application is a request to allow for the One Metro West project which is proposed with up to 1,057 residential dwelling units (anticipated to be rental units with a minimum of 105 affordable units), 25,000 square feet of commercial office, 6,000 square feet of specialty retail, and 1.5-acres of open space. The project would also include off-site improvements to Sunflower Avenue and a bicycle trail connection to the existing Santa Ana River Trail. The proposed project requires City approval of: an Environmental Impact Report (State Clearinghouse (SCH) No. 2019050014), General Plan Amendment (GP-20-01), Zone Change (R-20-01), Specific Plan (SP-20-01), Master Plan (PA-19-19), Tentative Tract Map (T-19-01), and Development Agreement (DA-20-02). The proposed General Plan Amendment would change the General Plan land use designation of the site from Industrial Park to High Density Residential and allow for a site-specific density of 80 dwelling units per acre. The proposed Zone Change would change the site's zoning designation from Industrial Park (MP) to Planned Development Residential – High Density (PDR-HD). The proposed project includes the establishment of a Specific Plan with site-specific development standards and design guidelines and a Master Plan including plans and details on the building and site design. The proposed Tentative Tract Map would subdivide the property, including establishing the right to a future airspace subdivision for condominium purposes. The proposed Development Agreement defines the terms, conditions and specific requirements for development of the site between the project applicant and the City. The Planning Commission recommended approval of the project to the City Council, subject to conditions of approval, at its May 11, 2020 meeting on a 6-1 vote.

Environmental Determination: An Environmental Impact Report (EIR, SCH No. 2019050014) was prepared for the project in accordance with the California Environmental Quality Act (CEQA) Guidelines. Pursuant to CEQA Guidelines Section 15087, the Draft EIR was made available for a public review period from February 7, 2020 through March 23, 2020. The City extended the public review period through March 30, 2020 due to circumstances surrounding COVID-19. The Final EIR will be made available to the public prior to the meeting.
