

How to Vote in Orange County

Did you know that Elections are no longer a one-day event? Voting for the 2024 Presidential General Election will begin on October 7 when every voter in Orange County will be mailed a Vote-by-Mail ballot.

Not only do Orange County voters have multiple days to vote but they can also choose how they want to vote and can take advantage of any one of the four options for casting their ballot. They can:

- Place their ballot into one of 123 ballot drop boxes throughout the county
- Use the United States Postal Service to return their ballot
- Drop their ballot off at one of 184 Vote Centers in the county
- Visit a Vote Center to receive and mark an in-person ballot

All methods of voting are safe and secure.
