

CITY OF COSTA MESA FINANCE DEPARMENT INTEROFFICE MEMORANDUM

TO: HONORABLE CITY COUNCIL

FROM: BOBBY YOUNG, FINANCE & I.T. DIRECTOR

DATE: NOVEMBER 29, 2011

SUBJECT: TREASURER'S REPORT FOR THE MONTH OF OCTOBER, 2011

Attached is the Treasurer's Report for the month of October 2011. This performance report lists the various types of securities, institutions the securities were purchased from, maturity dates and interest rates for all securities held in the City's investment portfolio as of the end of the reporting period. All of the City's investments as of October 31, 2011, are in compliance with the Investment Policy and the California Government Code except as otherwise noted or disclosed herein. All market values provided in this report were obtained from The Bank of New York Mellon, except for the Local Agency Investment Fund (LAIF). Market values for LAIF were provided by the State Treasurer's Office. The market value shown for the City's LAIF investment represents the City's contractual rights to its LAIF account and does not represent the value of the underlying portfolio securities. As of October 31, 2011, the City has adequate cash reserves necessary to meet its obligations for the next six months.

The weighted average stated rate of return (current yield) for the City's investment portfolio as of October 31, 2011, was 1.846%. The yield to maturity of the portfolio was 1.769%. The current yield of the City's portfolio was 146 basis points (1.461%) above the current yield of the State of California's Local Agency Investment Fund (LAIF) of .385% for the month ended October 31, 2011. The weighted average number of days to maturity for the total portfolio was 226 days (.619 years). The weighted average number of days to maturity for the total portfolio less pools was 573 days (1.570 years). The average duration for the underlying securities within LAIF as of October 31 was 229 days (0.627 years).

There were no securities purchased during the month of October, 2011.

The following securities were called during the month of October, 2011:

Type of <u>Investment</u>	Purchase <u>Date</u>	Cost	Coupon <u>Interest Rate</u>		Yield to Call	Maturity <u>Dat</u> e
FHLB	04/21/2011	1,000,000.00	1.250%	1.250%	1.250%	01/21/2014

There were no securities sold during the month of October, 2011.

There were no securities matured during the month of October, 2011.

COMPLIANCE REPORTING

The City holds two Lehman Brothers Medium-Term Corporate Notes in its investment portfolio. The total amount invested in these two securities stated at cost is \$5,049,700. Lehman Brothers filed for bankruptcy protection status on September 15, 2008 and the debt rating fell to B3- on that date. These securities had been rated A2 up until the bankruptcy filing. The market value loss of \$4,107,075 for the securities was recorded on the City's general ledger in September 2008, and is updated annually. The current estimates for recoveries through the bankruptcy proceedings are unknown.

In April 2011, the City joined the Ad Hoc Group of Lehman Brothers Creditors to help maximize the recovery through bankruptcy proceedings, and to protect the City's interest in the Lehman Brother's bankruptcy. The Ad Hoc Group filed a "Creditor's Plan" with the U.S. Bankruptcy Court in Manhattan which would provide a better recovery to creditors of the original Lehman parent company while offering a smaller payout to some creditors of Lehman subsidiaries. The Lehman Brothers Holding Inc. "Debtor Plan" proposed increasing payments to the holding company's senior unsecured creditors, which includes the bondholders, to 21.4 percent of their claims from 14.7 percent. However, the "Creditor's Plan" would pay out about 24.5 cents on the dollar, against 21.4 cents in the Lehman plan. A federal bankruptcy judge approved a plan by Lehman Brothers' bankruptcy estate to pay out about \$65 billion to creditors, about one-fifth of what they are owed. The plan will be sent to the estate's 110,000 creditors, who will have until November 4 to vote. To pass, the plan must win approval from a majority of creditors in each class, and voters in favor of the plan must represent at least two-thirds of the dollar amount sought. A confirmation hearing is scheduled for December 6, pending approval by creditors. Lehman has said that it hopes to begin paying creditors by early next year.

The investment portfolio is in compliance with the City's adopted investment policy and applicable state laws in all other respects during, and as of, the end of the reporting period.

City of Costa Mesa General Fund Cash Flow Projection

Due to the severe recession over the last few years, the City's revenue sources significantly declined forcing the City to take necessary actions to reduce expenditures. Unfortunately, while working to reduce expenditures, the City used approximately \$32 million General Fund fund balance or reserves. This use of fund balance reduced the General Fund annual cash balance.

City Council has expressed a desire to determine the monthly cash flow for the General Fund in an effort to project the future monthly cash balance. Given the City's historical healthy cash position, it had not been necessary to project monthly cash balance for the General Fund. Therefore, a cash flow model was developed to better analyze the normal monthly activity and the changing trends in both revenue and expenditures.

The General Fund revenues and expenditures fluctuate on a monthly basis, affecting cash. In developing the cash flow model, 5 year historical data was used for: individual revenue accounts and monthly cash activity. The combination of the two appears to be the best way to accurately project the ending monthly cash balance. However, there remains the possibility of aberrations when actual cash activity is posted and reconciled.

The following is a projection of the General Fund ending cash balances and monthly cash flow activity:

- (1) Per Cash Flow Projection Staff Report (July 12, 2011)
- (2) Per July 2011 Treasurer's Report Cash Flow Projection
- (3) The cash balance may differ from CAFR due to closing entries

As it relates to updating projected cash balance amounts, staff believes this schedule may be used two ways: (1) update future cash projections on a limited basis to determine the performance of staff to project future cash balances, or (2) update future cash projections on a monthly basis to more accurately determine future cash balances. Staff has left the original estimate amounts to provide performance feedback for City Council and the public. Staff is available to update projected cash balances on a monthly basis to more accurately project future cash balance, if requested.

The October 2011 General Fund cash balance of \$12.9 million is slightly higher than the amount originally projected. Staff's analysis concludes that cash receipts for October were consistent with original estimates, while payments relating to payroll were lower than original estimates. Therefore activity in excess of original estimates in prior months continues keep the current cash balance higher than originally estimated.

Otherwise, payments made to vendors, debt service payments, were consistent with original estimates.
