TO: HONORABLE CITY COUNCIL

FROM: COLLEEN O'DONOGHUE, ASSISTANT FINANCE DIRECTOR

COPY TO: CITY MANAGER

INVESTMENT OVERSIGHT COMMITTEE

REVENUE SUPERVISOR

**DATE:** OCTOBER 20, 2010

**SUBJECT:** TREASURER'S REPORT FOR THE MONTH OF SEPTEMBER, 2010

Attached is the Treasurer's Report for the month of September 2010. This performance report lists the various types of securities, institutions the securities were purchased from, maturity dates and interest rates for all securities held in the City's investment portfolio as of the end of the reporting period. All of the City's investments as of September 30, 2010, are in compliance with the Investment Policy and the California Government Code except as otherwise noted or disclosed herein. All market values provided in this report were obtained from The Bank of New York Mellon, except for the Local Agency Investment Fund (LAIF). Market values for LAIF were provided by the State Treasurer's Office. The market value shown for the City's LAIF investment represents the City's contractual rights to its LAIF account and does not represent the value of the underlying portfolio securities. As of September 30, 2010, the City has adequate cash reserves necessary to meet its obligations for the next six months.

The weighted average stated rate of return (current yield) for the City's investment portfolio as of September 30, 2010, was 2.291%. The yield to maturity of the portfolio was 2.105%. The current yield of the City's portfolio was 179 basis points (1.791%) above the current yield of the State of California's Local Agency Investment Fund (LAIF) of .500% for the month ended September 30, 2010. The weighted average number of days to maturity for the total portfolio was 274 days (.751 years). The weighted average number of days to maturity for the total portfolio less pools was 719 days (1.970 years). The average duration for the underlying securities within LAIF as of September 30 was 185 days (0.507 years).

There were no securities purchased during the month of September, 2010.

There were no securities matured during the month of September, 2010.

There were no securities called during the month of September, 2010.

There were no securities sold during the month of September, 2010.

#### **COMPLIANCE REPORTING**

The City holds two Lehman Brothers Medium-Term Corporate Notes in its investment portfolio. The total amount invested in these two securities stated at cost is \$5,049,700. Lehman Brothers filed for bankruptcy protection status on September 15, 2008 and the debt rating fell to B3- on that date. These securities had been rated A2 up until the bankruptcy filing. The current estimates for recoveries through the bankruptcy proceedings are unknown.

In order to maximize recoveries through the bankruptcy proceeding and protect the City's interests, the former Finance Director initiated the formation of a working group of California public agencies that hold Lehman Brothers Securities in their investment portfolio. To date, over 200 public agencies in California have been identified representing a total loss exposure of over \$750 million. The largest loss exposure of these agencies is CalPERS which has \$393 million invested in Lehman Brothers securities and the smallest is the City of Auburn which has \$125,000 invested. The key role of this working group is to assess possible courses of action and potentially collaborate on recovering all invested assets or as great of a percentage of those assets as is possible. The working group may expand to include public agencies with Lehman loss exposures throughout the nation. To date, over 1,000 agencies throughout the nation with loss exposures totaling over \$2.3 billion have been identified.

Further, the working group has initiated contact with California's federal representatives in hopes of getting language to hold public agencies harmless included in the financial markets "rescue" plan that was introduced in Congress with bi-partisan support and ultimately signed into law by President Bush.

Language to hold cities and counties harmless was included in the bill entitled H.R. 1424, "Emergency Economic Stabilization Act of 2008" and is in Section 103(7) which reads "the need to ensure stability for United States public instrumentalities, such as counties and cities, that may have suffered significant increased costs or losses in the current market turmoil." This bill established the Troubled Asset Relief Program (TARP) and gave broad authority to the Secretary of the Treasury to either purchase or guarantee troubled assets. The actual mechanics of how this program works are not known. With the inclusion of Section 103(7) in the version of the bill that was signed into law, there should be some benefits to local agencies holding Lehman Brothers Corporate Notes in their investment portfolios.

The working group had requested Senator Feinstein to introduce legislation to specifically authorize use of the TARP funds for cities and counties and direct the Treasury Secretary to purchase these assets. Senator Feinstein introduced SB 161 in January specifically for this purpose. Representative Jackie Speier also introduced HR 467 as a companion bill in the House of Representatives in February. At this point, it appears that SB 161 will not be brought to a vote in committee. We are closely monitoring the progress of HR 467. Twenty-nine members of congress from across the country have joined members of the California delegation in asking Treasury Secretary, Timothy Geithner, to purchase the troubled assets into the TARP. A hearing was held before the House Fiscal Services Committee chaired by Barney Frank on May 5th to discuss the "Effect of the Lehman Bankruptcy on State and Local Governments." Subsequent to the hearing, Chairman Frank, Congress member Eshoo and

Congress member Speier sent a jointly signed letter to Secretary Geithner requesting him to purchase the troubled assets into the TARP. On June 17, 2009 Secretary Geithner responded to the request indicating that local government agencies had received relief through the American Recovery and Reinvestment Act (ARRA) and that he was not considering purchasing the Lehman securities into the TARP program at this time. After receipt of this letter, Chairman Frank, Rep. Eshoo and Rep. Speier requested a meeting with Secretary Geithner to further discuss this matter. The meeting was held on October 28, 2009 with Secretary Geithner, and during the meeting he expressed concern that he did not have the authority to use TARP funds to assist localities that have been impacted by the Lehman bankruptcy or other major bank failures, but agreed to go back to his attorneys to clarify the legal issues and concerns and to recommend possible legislative remedies. A follow up meeting was then held on December 2, 2009 with Secretary Geithner and his legal counsel, Rep. Eshoo and Rep. Speier, and several members of the working group. The outcome of that meeting was that Secretary Geithner and his legal counsel stated that the legislation allows Treasury to use TARP funds only for financial institutions, not for local governments. Since this avenue has been exhausted, Rep. Eshoo continues to move on our issue, but along a new path. She is attempting to seek direct relief in the jobs package with the assistance of Speaker Nancy Pelosi. These efforts are still on going.

On April 22, 2010, Rep. Eshoo introduced a "Restitution for Local Government Act of 2010" to help counties and other public entities get back some of the more than \$1.7 billion they lost when Lehman Bros. collapsed. Eshoo's bill would require the Treasury Department to buy Lehman's assets from municipalities using profits from the sale of any future Troubled Asset Relief Program assets which has earned \$15.4 billion from dividends, interest and the sale of bank stock. Local governments receiving these funds would have to report back to the federal government on how the money is used and to show job creation, retention, and economic activity equal to the amount of funds they received. There has been no recent development to report.

The Federal government recently announced that the TARP financial bailout officially ended on October 4, 2010. The Department of Treasury will not be able to fund new programs but is allowed to continue overseeing existing investments.

The investment portfolio is in compliance with the City's adopted investment policy and applicable state laws in all other respects during, and as of, the end of the reporting period.

If you have any questions or need additional information, feel free to contact me directly.
